THE KENSINGTON MANIFESTO

**OUR TEAM IS GUIDED BY OUR MANIFESTO
– AN EXPRESSION OF OUR BELIEF IN THE
TRANSFORMATIONAL POWER OF TRAVEL.**

We are not in the business of booking tours.
We're in the business of discovery.

People travel to peel away the husk of habit and uncover their true selves.
To relax into a purer state of being.
To better understand the world and their place in it.
To conquer challenges and discover new wells of confidence.

Our business is not the booking of tours.
We are architects of travel.
Which means we start with the important questions.
Not just 'where' or 'when' but rather 'why.'
Why a journey? Why now? What's going on here that you want to go there?
The 'why' tells us a lot about the 'how.'
Since everybody's 'why' is different, everybody's 'how' must be personalized.
Personalized travel leads to personal discovery.

No, we are not in the business of travel.
We are the architects of possibilities.
The agents of change.

We create the experience that changes the life.

KENSINGTON CARES

A POWERFUL VISION FOR EDUCATION MADE POSSIBLE TOGETHER

Kensington Cares has been supporting education projects in East Africa for as long as we've existed. It is in our DNA, and comes straight from our founder Jeff Willner who grew up in Kenya and the Congo as the son of missionaries. Today, Jeff and the Kensington team continue to be committed to giving back. First, by encouraging responsible tourism as an important generator of employment and new opportunities in developing communities. And secondly, by reinvesting, through Kensington Cares, in the communities that share their homeland and culture with our guests. Recent 'KCares' projects have included a new kindergarten and two new dorms (one for girls and one for boys) to help students who often live far from school stay in school longer. Past projects have included meal programs, school supplies funding and new classroom construction.

Our next project is our biggest and most exciting by far. Together with community-based partners in the Trans Mara District of Kenya's Masai Mara, Kensington Cares is spearheading a new model for education in the region – one that combines traditional academics with a focus on employment and career skills. A new school build is underway which will also include facilities and teaching expertise to provide job and income generating skills. The focus is on empowering the Maasai youth with skills that will enable opportunities for success in both the traditional agrarian economy and thriving industries including tourism and information technology.

Projects like these are made possible together with the adventurous and curious explorers we call our clients. Thank you.
